

Skyway-West Hill Subarea Plan and Community Needs List*

A Subarea Plan is...

A 20-year plan that outlines a vision for the community and policies to help achieve that vision.

A Community Needs List is...

A community-identified list of service, program, and capital improvement projects that King County will complete in support of the community's vision.

Topic Areas for the Subarea Plan and Community Needs List

- Land Use
- Transportation (roads and transit)
- Parks and natural resources
- Public health
- Housing
- Law enforcement (Sheriff's office)

The community will be the driver

The community and county staffers will work together to develop the Subarea Plan and Community Needs List. These documents will reflect the community's vision and priorities. This collaboration will take place through virtual community meetings, anti-displacement and affordable housing workshops, online surveys, and topic-specific focus groups.

We want to engage with traditionally underrepresented groups and residents who do not speak English as their primary language. Because of restrictions on in-person gatherings due to the COVID-19 pandemic, most engagement will take place online or by telephone.

County staffers and community members will collaborate on this project at:

If you're interested in participating, please visit this website or reach out via the email address or phone number at the bottom of this page. Please also share this information with your neighbors and encourage them to get involved.

Project timeline

Engagement for the Subarea Plan and Community Needs List will begin in August 2020. Final versions of the Subarea Plan and Community Needs List will be provided to the King County Council in December 2021. The council will review the documents and is expected to approve them by June 2022. See back for details.

*(Bryn Mawr, Hilltop, Lakeridge, Skycrest, Skyway, Campbell Hill, Earlington, and Panorama View)
