

Meeting Summary Report

VIA Staff Attendees and Role: Tom Marks (Presenter). Leticia Vacek (Presenter), Fulgencio Valerio (Attendee)

Date of Meeting: November 29, 2023

Organization: Alta Vista Neighborhood Association

Number of Attendees: 23

Materials Provided (e.g., presentation, fact sheet): Copy of PowerPoint Presentation (Green Line)

Summary

Include in your summary the discussed topic, a general overview, and any key takeaways to be documented for VIA. **This should be no more than eight sentences.**

- The Neighborhood Association suggest mixed traffic lanes in the area instead of Business Access and right turns only.
- Residents had concerns that only one lane of free-flowing traffic may cause other vehicles to travel in their neighborhood to use McCullough or Blanco.
- Residents asked about the possibility of flooding under the Union Pacific Bridge near Hildebrand.
- Some had concerns about bus stop spacing. May be too far for some to access transit.
- Residents wanted to see BAT Lane Station design.
- One resident asked about how it would impact small businesses along the corridor especially around the San Pedro and Olmos area.

Action Items

Include here any action or follow-up items that need to be addressed by VIA staff.

- Need to follow-up to pass along the information on traffic studies in the area.
- Neighborhood Association wanted to see outcomes about similar projects in the country i.e., ridership increase or decrease and traffic studies.

Next Steps:

1. **Title the document 20231129 Alta Vista Neighborhood Association**
2. **Upon completion, PDF the Word File and place here: [Meeting Summary Reports](#)**
