7/21/2023 11:28:00 AM	<p>Hello,</p> <p>The Aston micro-housing project and others similar or a bad idea and should not be supported by council. Housing units, however small, should have kitchens.</p> <p>Best, Frank</p> <p>Sent from my iPad</p>

It also appears that many young people and adults are using and enjoying the facility.</p> <p>I'm wondering if trash and recycling receptacles will be provided as they were previously along the side fronting Flint Street. I already notice a growing collection of bottles, food bags and other refuse. Thanks for your attention to this matter.</p> <p>Cherie Morris, Montford home owner.</p>
