Crozet Master Plan
Proposed Land Use Changes

A Future Land Use designation specifies the intended future use of a property. While this designation may not be the way the property is currently used or developed, it aligns with the vision outlined in a long-range planning document.

Each Future Land Use category or designation describes the recommendations for future uses (such as office, residential, commercial and mixed-use) and building forms (such as height and block size). These designations inform decisions on future policy changes like rezonings and special use permits, but the current zoning of the property dictates what can happen on it, "by-right" - today.
