

PROJECT UPDATE MAY AFFECT YOU

HELMS ROAD GRADE SEPARATION IN UNION COUNTY

State Transportation Improvement Program (STIP) Project No. **P-5748**

The proposed Helms Road Grade Separation project alternatives were presented to the public Fall 2020 including a connection from Waxhaw Marvin Road to Waxhaw Parkway (currently unfunded) for Alternative 1, Options A, B, and C. After taking the results of the environmental analysis and comments from the public into account, Alternative 1, Option A has been selected for the funded portion. This alternative has been modified to reduce environmental impacts. Design for the currently unfunded portion will be addressed when the project gets funded in the future. For [more information and maps please visit the project website.](#)

Contact NCDOT as soon as possible if you require any accommodations under the Americans with Disabilities Act to participate in the process.
