

TOWN OF RYE

MASTER PLAN VISION

In 2021, the Town of Rye's Planning Board established a Long-Range Planning Subcommittee that conducted extensive public outreach to create a vision statement and vision framework to guide the Master Planning process. This vision and framework will serve as the foundation of the new Master Plan for Rye.

At this event, we need your help digging deeper. What else should Rye be prioritizing, considering, and planning for as it decides how best to guide future growth and development in the future?

The Town of Rye's vision is to:

Maintain a semi-rural character while fostering community connections, supporting diverse housing choices, providing equitable services, protecting the environment and natural resources, and striving toward a resilient and sustainable community .
